

✓ SAFETY    ✓ EXPERIENCE    ✓ QUALITY    ✓ VALUE

"At Paragon, we pride ourselves on the ability to provide safe and efficient wireline & abandonment services at the best possible value. We can perform to our client's standards every time we head to the wellsite. Paragon is committed to creating value for our clients by maintaining minimal overhead costs while continuously fostering strategic vendor relationships, enabling the best possible pricing."

Bryce Breunig  
President

"With the experience of our highly qualified team and the creative options to finish your project at prices below standard market rates, Paragon strives to maintain efficient solutions that will leave your job on time and on budget. We offer a personal approach not always available with larger corporate organizations. Working with a local company keeps jobs within our province and money in our local environments"

Tammy Maclean  
General Manager
